Before You Begin - Strategies for a Successful CGAF

WHAT IS THE PURPOSE OF THE COMMON GRANT APPLICATION FORMAT APPLICATION?

Grantmakers of Western Pennsylvania created the Common Grant Application Format in 1996 to simplify the process of requesting and making grants. It is designed to benefit both grantseekers and foundation and corporate decision-makers who review grant proposals. It is not a form to be filled in. It is a format to be used as an outline for organizing and writing proposals.

HOW SHOULD YOU USE (AND HOW SHOULDN'T YOU USE) THE COMMON GRANT APPLICATION FORMAT?

Read this entire document before you begin. Pay attention to the instructions for preparation that follow. You may duplicate the forms if necessary. Copies can be downloaded at www.gwpa.org, or obtained from The Foundation Center at The Carnegie Library of Pittsburgh, 4400 Forbes Avenue, Pittsburgh, PA 15213

TIP

Do not simply produce a mass mailing of a single proposal. Take care to tailor each request, particularly in the cover letter and the executive summary, to the specific interests of each funder.

HOW SHOULD YOU START?

Know your purpose. Clarify your organization's priorities and purpose in seeking funds.

WHAT SHOULD YOU DO NEXT? RESEARCH, RESEARCH, RESEARCH.

Conduct research to identify foundations and corporations that make grants to your type of organization and in your geographic area. Use the resources of The Foundation Center (as outlined on page 9), visit websites, request annual reports and obtain proposal guidelines. Make certain that the purpose of your proposal fits within the funder's guidelines. Now you are ready to consider writing a proposal. But, first, find out about each funder's application process. Some do not want a proposal right away. Many want you to begin by writing a letter of inquiry. Suggested guidelines for a letter of inquiry are in the addendum on page 10. Do not write a full proposal if a letter of inquiry is required.

ENSURE YOU SUBMIT A COMPLETE APPLICATION

A complete application should include the following items in the order indicated:

- A. Cover Letter
- B. Common Grant Application Format Cover Sheet (Page 5)
- C. Executive Summary
- D. Narrative (which is based on the CGAF guidelines)
- E. Attachments (as indicated on Page 4)

Further explanation of each item is provided below and on the following pages.

TIP

Submit the correct number of copies. This will vary with each organization. Be sure to check each funder's requirements.

A. WRITE A COVER LETTER.

Write a one-page cover letter that includes the following:

- Name of the program.
- Purpose of the program.
- A strategic reason for the funder to consider the program.
- Amount requested.
- Time period of the program or project.
- Name of the contact person and contact information.

The letter should be signed by the board president or chairperson and the executive director. If the proposal is a collaborative request, signatures of the participating organizations' representatives must be provided.

B. COMPLETE THE COMMON GRANT APPLICATION FORMAT COVER SHEET (PAGE 5).

C. WRITE AN EXECUTIVE SUMMARY OF THE PROJECT, PROGRAM OR CAMPAIGN.

Write an executive summary that includes:

- Brief description of the project.
- Outcomes you plan to achieve.
- Who the project serves and why it is important.
- Why your organization should receive the funds to implement the project and how the funds will be spent.

D. WRITE A NARRATIVE.

Write a narrative that follows the CGAF outline below, using the headings and subheadings provided. As long as the narrative flows in the designated order, feel free to include information that you believe is important to make your case. The questions reflect the general interests of grantmakers, but are not intended to be all inclusive. If a question is not applicable, explain. If a problem exists that might detract from the credibility of your organization or project, address it briefly; do not avoid or dismiss it.

Avoid including the same information in different sections of the narrative. Be thorough, yet strive for brevity. More is not necessarily better.

TIP

Share your passion, your organization's uniqueness and strengths and how you will make a difference through your outcomes.

1. ORGANIZATIONAL INFORMATION.

Provide background on your organization. If you are an affiliate of another organization, please describe.

- State your mission.
- Summarize your organization's history.
- Outline current programs and activities.*
- Highlight accomplishments.

*If you are applying for a general operating grant, these items may be similar to the ones indicated on the following page under "Purpose of Grant." Just include them in one place.

TIP

Be clear and succinct. Differentiate yourself from similar or competing organizations.

2. Purpose of Grant.

If you are completing a proposal for a project or program or for operating funds, follow “a” instructions below. If you are completing a proposal for a capital campaign, follow “b” instructions below.

A) Project, Program, and Operating Funds Requests

- Problem and Need.** Identify the problem to be addressed and the needs to be met by the project. What unique service(s) would the community be deprived of if you do not undertake this project? Provide supporting data.
- Program/Project Goal.** Describe the goals and overall impact of the project or program.
- Program/Project Design.** Describe your program objectives, activities, strategies, staffing, partners, timelines and explain how the design will enable you to address the problem or need. Identify the project as a new or continuing program.
- Sustainability.** Specify your plans for financing the project at the termination of the grant. List other financing sources or strategies that you are developing.

TIP

If a similar program or device has been conducted by your organization or another, please discuss its impact. Does it represent an expansion or duplication of services in your area? If it doesn't, define its potential to serve as a model program locally or nationally.

B) Capital Campaign Requests

- Describe the proposed campaign,** including goals and objectives.
- Purpose and Outcomes.** Describe the goals and desired outcomes of the campaign.
- Need.** Identify the need/problem to be addressed, target population and number of people to be served.
- Status and Timetable.** Define the campaign as new or continuing and provide information on its status. Include a timetable for implementation and completion.
- Partners.** If appropriate, identify any other participating organizations in the campaign and their roles.

- Leadership.** List the campaign leadership and their affiliations.
- Regulations.** Identify regulatory approvals, if required.
- Organizational Impact.** Discuss implications of this campaign in relation to the organization's ongoing operational expenses.
- Sustainability.** Specify your plans for continuing your progress at the termination of the grant, particularly if operating expenses are projected to increase at completion of the capital project. List other financing sources or strategies you are developing.

TIP

If timing is a critical factor or a “window of opportunity” exists that impacts the success of your capital campaign, please elaborate.

3. Evaluation.

- Interim and final evaluation and expenditure reports will be required for every grant awarded. It is important to design your evaluation process at the outset and begin to collect data from the beginning of the project, program or campaign.
- Outcomes.** Describe the proposed program or project outcomes, with reference to long-range plans of the organization. What outcomes do you want to produce by the end of the first year, second year, etc.? If your program is continuing, what intended outcomes have been achieved thus far?
- Measurement.** Outline your plan to document progress and results. How will you measure expected outcomes and the effectiveness of your activities? What will be your criteria for success? What tools will you use to evaluate your program and organization (records, surveys, interviews, pre- and post-tests, community feedback, etc.)?

TIP

Set measurable goals and specify your plans to communicate with the funder during the grant period.

Common Grant Application Budget Format

An accurate, detailed budget for proposed projects is a requirement of every funder. Your total budget should be broken down into the items specified below. As long as your budget is typewritten and contains the required information, you may submit it in a format convenient for you. A sample format with suggested revenue and expense categories follows.

A. BUDGET HEADING

- Specify the budget period (e.g., January 1, 2010 to December 31, 2010).
- Specify the requested amount and the total cost of the project.

B. REVENUE

If the requested amount is different from the total cost of the project or campaign, itemize all confirmed and anticipated sources of revenue, and provide a revenue total. Refer to the following example for possible revenue categories. Also, indicate the amount of funds, if any, for this project that will be drawn down from your operating budget and/or reserve fund or endowment.

C. EXPENSES

Itemize your expenses and provide an expense total. Include any additional items relevant to your particular program, project or campaign.

D. NARRATIVE

This section should include:

- A list of assumptions on which the budget was based.
- An explanation of any unusual budget items.
- The percentage of overhead applied to the project should precede the itemized listing, if applicable.
- In-kind expenses and donations or matching funds should also be described.
- If your organization has affiliates and/or subsidiaries, please explain.

See next page for sample project budget format and categories.

Addendum

LETTER OF INQUIRY - SUGGESTED GUIDELINES

Many foundations request that interested applicants send a letter of inquiry (or letter of intent) before submitting formal grant proposals.

Before submitting such a letter, be sure to conduct research to identify foundations and corporations that make grants to your type of organization and in your geographic area. Make certain that your purpose for seeking funds fits within the foundation's guidelines. Check each organization's website or annual report for an outline of its letter of inquiry and its grant guidelines.

Letters of inquiry should be concise, generally one to three pages and should be signed by the organization's Executive Director or Board Chair. Below is a list of suggested information to be included:

Organization

- Brief description of organization
- Address, telephone number, fax number, email address
- Name of contact person

Project or Program

- Summary – one sentence statement of proposed project or program
- Overview – purpose, objectives, goals, how project relates to funder's priorities
- Description – target population, specific action plan, timeframe and duration
- Implementation (and results) – qualifications for executing proposed project expected outcomes, how effectiveness will be monitored and evaluated, plan for continuance at conclusion of requested funding
- Cost – amount requested, total project cost, private and public funding sources (pending and received)

Attachments (each funder may have specific preferences for information to be included)

- IRS 501(c)(3) determination letter
- Mission Statement
- Board of Directors list

In addition, many funders request that their application sheet or the Common Grant Application Cover Sheet be attached to the letter of inquiry. Be sure to check with the respective funder for its preference.
